2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Tierra Pacifica Charter School is located at 986 Bostwick Lane in Santa Cruz, California, within the Live Oak School District. The school currently serves 155 children attending transitional kindergarten through 8th grade. Formed in 1998, Tierra Pacifica is a collaborative effort among parents, teachers, and community members committed to the development of the whole child. Working within the public school system, the school has created an innovative alternative model to traditional public elementary schools. Tierra Pacifica's mission is to stimulate a love of learning by integrating academic instruction with the arts, and fostering environmental stewardship, emotional intelligence, and physical health. The school is a parent participation school, and is designed for families who want to take an active role in the education of their children, both in and out of the classroom. The school nurtures multi-generational engagement with grandparents, family friends, and our preschool buddies from the neighboring state preschool. Parents have input into every aspect of school operations via frequent collaborative meetings, parent task teams and surveys.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

School facilities are kept in good repair and routine maintenance performed on schedule. All classrooms have plenty of space, and a corresponding outdoor classroom available to them as well. Each classroom has two sinks for handwashing and cleaning up after art classes. Three have dishwashers to aid in our goal to be a waste free school. School grounds are kept clean by students, parents, and staff. A custodian cleans each room nightly. The school owns an electrostatic sprayer used to clean the campus in the event of a COVID exposure. A Life Lab garden and beautiful courtyard plantings keep the school visually stimulating and provide special spaces for students to gather, study, eat, exercise. A "movement migration" painted by families during the pandemic is on the blacktop to beautify and add opportunity for more movement to students. Migration "panels" are reproductions of the artwork of famous artists of color. Restroom floors were recently redone, and fans were installed in each.

Year and month of the most recent FIT report

January 2021

System Inspected	Rate Good	Rate Fair	Rate Poor	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	X			HVACs were serviced to replace filters with the highest possible MERV rating that our equipment will support (MERV 11) and economizers were adjusted to provide maximum mix of outdoor air.
Interior: Interior Surfaces	X			The Dragonflies classroom currently needs repainting.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	X			
Electrical	X			An electrician inspects the school and looks for hot spots yearly.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	X			New fans were installed in student restrooms and set to run during and for 15 minutes after occupation. Toilets now have lids.

School Facility Conditions and Planned Improvements

Safety: Fire Safety, Hazardous Materials	X		Regular inspections of extinguishers, AED battery, and list of chemicals on campus show no action needed.
Structural: Structural Damage, Roofs	X		Roof leak over Gathering Room repaired in Oct 22. Larger pipe valve was replaced in November. Small roof leak over Dragonflies class repaired immediately (in Dec 22).
External: Playground/School Grounds, Windows/Doors/Gates/Fences	X		Fence and gate repairs were done last spring. Additional seating and rain covers installed on school grounds to provide outdoor learning spaces.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 7	100	100	100	100	100

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Most parents at Tierra Pacifica volunteer on a regular basis. Parent involvement is always voluntary, never required. The scope of possibility for parent involvement is endless. Parents work in governance, finance, the office, classrooms, site maintenance, leading electives, gardening, monitoring recess, tutoring, fundraising, grant-writing, diversity work, strategic planning, technology, lunch service, laundry, and anything else that is needed, or for which they want to contribute.

A team of parent representatives coordinate the volunteer work, which includes supporting each family in finding the best way for them to engage and give input. Parents often comment in surveys that volunteering helps them feel more connected to their child's educational experience and the school community, as well as feeling they are a part of something important and "bigger" than themselves. Parents wishing to get involved are encouraged to contact their classroom's Parent Representative.

2021-22 Chronic Absenteeism by Student Group

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	1.01	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

We work tirelessly to ensure a safe school environment. Tierra Pacifica Charter School's Comprehensive School Safety Plan was created using the county-wide template, and was approved by our Governing Board and shared with law enforcement, our authorizing district and the County Office of Education. An update will be approved in February 2023. The plan describes the school's preventive health and safety procedures and planned responses to incidents. The plan was developed collaboratively with county, district and school staff, and was reviewed by local law enforcement. Incident response systems and personnel assignments were created in collaboration with shared-site administration and shared with school staff in August 2022. Regular practice drills are conducted in tandem with other shared-site schools.

A fence encloses our school, and gates are kept closed during the day. Visitors are required to sign in at the office and all members of the school community, including parent volunteers, are trained to greet visitors and escort them to the office. We do regular safety and fire inspections. A representative from Tierra Pacifica Charter School attends the district safety committee meeting four times a year, and the district safety coordinator does a yearly inspection. Our school board will review any major injuries that have occurred and make recommendations to prevent them from further reoccurrence. We have had no major school safety incidents. The entire staff completes online safety training every year. We train staff in CPR, AED and first aid every two years; Epi-pen trainings are yearly. The sheriff does active shooter and lockdown training for staff every year. Teaching staff do suicide prevention training every three years. The staff has had bully prevention training, and we have open communication between parents and staff so that potential issues are addressed in a timely manner. Our school took part in the Safe Routes to School Planning Project completed in 2019, and the Governing Board has reviewed its recommendations. School signage has been updated to aid first responders in the event of an emergency. Safety lighting and a chain across the parking area have also recently been added to ensure safety in the lot in front of the school. Administration is currently part of the Incident Command Academy at the Santa Cruz County Office of Education.
