2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Tierra Pacifica Charter School is located at 986 Bostwick Lane in Santa Cruz, California, within the Live Oak School District. The school currently serves 160 children attending transitional kindergarten through 8th grade. Formed in 1998, Tierra Pacifica is a collaborative effort among parents, teachers, and community members committed to the development of the whole child. Working within the public school system, the school has created an innovative alternative model to traditional public elementary schools. Tierra Pacifica's mission is to stimulate a love of learning by integrating academic instruction with the arts, and fostering environmental stewardship, emotional intelligence, and physical health. The school is a parent participation school, and is designed for families who want to take an active role in the education of their children, both in and out of the classroom. The school nurtures multi-generational engagement with grandparents and other family members participating in various ways. Parents have input into every aspect of school operations via frequent collaborative meetings, parent task teams and surveys.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

School Facility Conditions and Planned Improvements

School facilities are kept in good repair and routine maintenance performed on schedule. All classrooms have plenty of space, and a corresponding outdoor classroom available to them as well. Each classroom has two sinks for handwashing and cleaning up after art classes. Three have dishwashers to aid in our goal to be a waste free school. School grounds are kept clean by students, parents, and staff. A custodian cleans each room nightly. The school owns an electrostatic sprayer used to clean the campus in the event of a COVID exposure. A vegetable garden and beautiful courtyard plantings keep the school visually stimulating and provide special spaces for students to gather, study, eat, exercise. A "movement migration" painted by families during the pandemic is on the blacktop to beautify and add opportunity for more movement to students. Migration "panels" are reproductions of the artwork of famous artists of color. Restroom floors were recently redone, and fans were installed in each. A small TK/K play area was installed behind the TK/K building where the garden boxes previously existed. Half of the garden boxes were moved to the main courtyard to make room. This new play area has allowed for specialized play opportunities for our youngest students (sand box, water station, smaller climbing structure, stepping "stones" path, balance beam, trampoline with bar, etc.) as well as easier adult observation and monitoring for safety.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	62	46	35	35	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 7	100	100	100	100	100

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Most parents at Tierra Pacifica volunteer on a regular basis. Parent involvement is always voluntary, never required. The scope of possibility for parent involvement is endless. Parents work in governance, finance, the office, classrooms, site maintenance, leading electives, gardening, monitoring recess, tutoring, fundraising, grant-writing, diversity work, strategic planning, technology, lunch service, laundry, and anything else that is needed, or for which they want to contribute.

A team of parent representatives coordinate the volunteer work, which includes supporting each family in finding the best way for them to engage and give input. Parents often comment in surveys that volunteering helps them feel more connected to their child's educational experience and the school community, as well as feeling they are a part of something important and "bigger" than themselves. Parents wishing to get involved are encouraged to contact their classroom's Parent Representative.

There is an active Parent Anti-Racism Committee that meets once a month. Board members (also parents) offer frequent "coffee hours" at drop off time for parents to ask questions and share ideas and concerns. In addition, the school holds three Community-Wide Gatherings (parent meetings), three classroom parent meetings, a classroom volunteer training, a new parent orientation, and two EL parent coffees every year. These are all open invitations to participate and share ideas and input.

2023-24 School Safety Plan

We work tirelessly to ensure a safe school environment. Tierra Pacifica Charter School's Comprehensive School Safety Plan was created using the county-wide template, and was approved by our Governing Board and shared with law enforcement, our authorizing district and the County Office of Education. An update will be approved in February 2024. The plan describes the school's preventive health and safety procedures and planned responses to incidents. The plan was developed collaboratively with county, district and school staff, and was reviewed by local law enforcement. Incident Command response systems follow county protocol. Regular practice drills are conducted in tandem with other shared-site schools. One administrator and one office staff member attend monthly Incident Command Academy provided by the Santa Cruz County Office of Education.

A fence encloses our school, and gates are kept closed during the day. Visitors are required to sign in at the office and all members of the school community, including parent volunteers, are trained to greet visitors and escort them to the office. We do regular safety and fire inspections. A representative from Tierra Pacifica Charter School attends the district safety committee meeting four times a year, and the district safety coordinator does a yearly inspection as well as our insurance provider. This year's annual safety audit by our insurer earned an A grade. Our school board reviews any major injury reports at regular meetings and makes recommendations to prevent them from further reoccurrence. We have had no major school safety incidents. The entire staff completes online safety training every year. We train staff in CPR, AED and first aid every two years; Epi-pen trainings are yearly. The sheriff does active shooter and lockdown training for staff every year. Teaching staff do suicide prevention training every three years. The staff has had bully prevention training, and we have open communication between parents and staff so that potential issues are addressed in a timely manner. Our school took part in the Safe Routes to School Planning Project completed in 2019, and the Governing Board has reviewed its recommendations. School signage has been updated to aid first responders in the event of an emergency. Safety lighting and a chain across the parking area ensure safety in the lot in front of the school.

2023-24 School Safety Plan

This year the Live Oak School District has acquired the Centegix badge alert system which works in compliance with the county's new color-coded incident protocol. Every staff member is trained in this system and wears a badge enabled to alert office staff in an emergency, or in the case of extreme danger, will call 911 and activate the visual alert system (flashing lights) within each classroom. Tierra Pacifica was included in this new rollout as we share a larger campus with several schools and the district office. Lastly, the school has installed a new PA system that can be heard clearly in all classrooms and outside in the courtyard, restrooms and play yards, and enables direct calling from classrooms to the office with the press of a button.
